

ASMAA MOSTAFA ALNAGER

Backend .NET Developer

✉ asmaalnager1872004@gmail.com 📍 Egypt 🌐 www.linkedin.com/in/asmaa-alnager

PROFILE

Junior Backend .NET Developer with practical experience in building **ASP.NET Core APIs**, working with **Entity Framework Core, Dapper, and SQL Server**. Skilled in **JWT authentication, user management, and secure backend practices**. Motivated to deliver clean, efficient code and eager to grow in real-world backend projects.

EDUCATION

Communications and Computer Engineering

Gained strong foundation in algorithms, data structures, and software development

09/2022 – 07/2027

Tanta, Egypt

SKILLS

Programming & Frameworks

C# 12, ASP.NET Core 8.0, EF Core, Dapper

Database & Data Access

SQL Server, Stored Procedures, LINQ, Database Design

Authentication & Security

JWT, OAuth 2.0, Password hashing, Email & SMS verification

Tools & Others

Git, GitHub, Visual Studio, Swagger, RESTful APIs

PROJECTS

CourseOnline.Auth

ASP.NET Core 8.0 Backend with JWT Authentication, EF Core, Dapper, SQL Server

- Developed a high-performance, secure authentication and profile management service for an online courses platform. Implemented **JWT authentication, email/SMS verification, and user profile & course tracking APIs**. Managed data using **EF Core and stored procedures**. Ensured **password security, account verification**, and seamless **course enrollment & progress tracking**. **Tech Stack:** ASP.NET Core 8, C# 12, SQL Server, EF Core, JWT, Twilio, MailKit.

E-COMMERCE MVC – Full-stack Web Application

Full-stack e-commerce platform with admin dashboard, shopping cart, checkout, and payment integration

- Developed a full-stack e-commerce platform with **storefront, shopping cart, checkout, and PayPal integration**. Implemented **role-based authentication, admin dashboard, and product, category, and order management**. Built **responsive UI with Bootstrap and jQuery**, applied **EF Core migrations**, and focused on **scalable, maintainable architecture**.

COURSES

Backend .NET Development

IPA

Learned server-side development using **.NET 8, C#, database management with SQL Server & EF Core, API design**, and version control using **Git & GitHub**.

02/2025 – 10/2025

Kafr El Sheikh, Egypt

Web Designer

NTI – National Telecommunication Institute

Completed web design program covering HTML, CSS, JavaScript, responsive UI, and design principles for modern websites.

07/2025 – 08/2025
